Details

The dots instead of handles are nicely shaped into the mdf fronts and create a clean overall look. Solid oak legs in combination with oak veneer tops form an attractive frame that highlights the design of the furniture even more.

Push to open

The doors and drawers are equipped with push openers. No handles needed, just give the door a gentle push to open it.

Made in Sweden

The technical knowledge and sense of design from Tenzo pursued the development, from idea to production. The creation process of Dot is genuine and precise. Tenzo has high-quality standards and the furniture is always inspected before it is shipped.

A modern, minimalist cabinet with two glass doors and two solid doors at the base, supported by four wooden legs. The cabinet is set against a wall with a light-colored, repeating leaf pattern wallpaper. The floor is made of light-colored wood in a herringbone pattern. To the left, a green plant is visible, and to the right, a wicker basket with a grey cloth is present. The cabinet's interior shelves are dark, and the items inside are displayed in a clean, organized manner.

The left glass door of the cabinet, showing a white ceramic bowl with a textured surface on the top shelf, a clear glass decanter on the middle shelf, and several grey ceramic containers on the bottom shelf.

The right glass door of the cabinet, showing a stack of white ceramic bowls on the top shelf, two wine glasses on the middle shelf, and a dark, textured vase on the bottom shelf.

A green plant with large, broad leaves, positioned to the left of the cabinet.

A wicker basket with a grey cloth inside, positioned to the right of the cabinet.
